# About Us

The Garden Concept, located in the centre of urban Dubai, is a lifestyle destination where friends, families, and colleagues can enjoy a sustainable green lifestyle experience. The Garden Concept provides various products and services where the aim is to create inspirational spaces.

Just off Sheikh Zayed Road, you will find the largest assortment of indoor and outdoor plants, beautiful handcrafted furniture and other carefully selected home accessories, DIY gardening equipment, BBQs, chemicals and fertilizers, pots of all shapes and sizes, and many more interesting additions to your home and garden.

Our team consists of well-trained, experienced individuals that will be able to assist you with your unique gardening needs, whether you are a professional landscaper or a gardening novice.

---

### Mission

To be the leading retailer and concept of quality merchandise for natural spaces through innovation, expertise and community involvement.

### Vision

To become the nature, garden and living concept leaders in the market by providing: High end, innovative and best quality garden and living products set in a concept environment that triggers senses, educates and inspires, both online and in our physical spaces.

# Brand Statement

With extensive experience in the industry and region, we know that nature is at the heart of every beautiful space. Building beautiful spaces with nature is an ongoing journey, with no map. We help you to navigate your path, as experts, as a community, from our home to yours, from our garden to yours. Designed by nature, valued by all so everyone can dwell, well.
